Section 20.26 Health Department "Fee Resolutions"

SECTION 20. FEE RESOLUTIONS**20.26 HEALTH DEPARTMENT**

A. PURPOSE. To establish public health service fees in order to expand existing public health services to the community at large.

B. PRIMARY CARE SERVICES.

(1) Acute/Episodic Illness - Primary care services will be charged on a fee-for-service basis not less than the prevailing Medicaid rate, nor more than the prevailing Medicare rate. The fee will be derived by considering the type of visit, the client sliding fee group based on Federal OMB Guidelines, and the State Medicaid rate. Medicaid identification will be accepted as full payment in lieu of charges.

(2) Family Planning - The fee will be derived by considering the type of visit, the client sliding fee group based on Federal OMB Guidelines, and the State Medicaid rate. Medicaid identification will be accepted as full payment in lieu of charges.

(3) Well Child Services - The fee will be derived by considering the client sliding fee group, which is calculated at eligibility determination, based on Federal OMB Guidelines. The fee group will be applied to the rate not less than the prevailing Medicaid rate. Medicaid identification will be accepted as full payment in lieu of the fee.

(4) School/Day Care Physicals - A one-time service, \$30.00 per physical. (A limited visit which fulfills the basic requirement of the School System or a Day Care Center. Lab tests and/or other services performed beyond the basic requirement will be charged for separately.)

(5) Maternity Services - All clients who are presumed eligible will receive continued prenatal care through delivery and postpartum care. Those clients who are denied active Medicaid and wish to continue receiving services will enter into a contract for the amount of \$2,300 which includes prenatal care and delivery with a postpartum visit. Those clients with insurance coverage will assign benefits to the CHD.

~~(7) Pharmacy - Fees are assessed per cost of prescription plus dispensing fee. The fee will be derived by adding \$5.00 dispensing fee plus the cost of prescription. Cost of prescription is the cost of medication plus 0% to 20% to be determined on a sliding fee scale category. The payment will be assessed by considering the client sliding fee group, which is calculated at eligibility determination,~~

~~based on Federal OMB Guidelines. Medicaid identification will be accepted as full payment in lieu of charges.~~
